

October 14, 2020

Dear Ms. Alexandra Adamo,

Thank you so very much for your online speaking engagement with my MAT art education students this past Friday, (10-9-2020). We were all very impressed with your exciting online art program. My students have been challenged to complete their teaching practicum experiences online, and your advice regarding management of materials and alternative ways to use the Zoom format to support student activities was particularly helpful. Have you thought about providing such a workshop for art teachers through NAEA? It seems to me that sharing your program would be very helpful for other art teachers at this time.

Sincerely,

Sandra Bird, Ph.D.
